Monthly Financial

November Financial Statements - Greg Unruh
December ending operating cash balance is $1.3 million.
The net loss for the first six months of the year is $67,000.
Revenues are behind plan for the year due to lower tuition from traditional students and lower bookstore sales. The shortfall revenues as that activity becomes reconciled for the fall semester in January.
Expenses were slightly below budget for the month and remain favorable to plan for the year.
December is one of the two low points for cash during the year.
The college anticipated ending the year at $3.3 million
Spirit AeroSystems informed the college informally they will be moving out of Southside. This decision is simply financial for Spirit Aerosystems. However, it will cause a $360,000 hole in the budget. The college is actively looking for another tenant.

Employer and Advancement Services Division – Kenneth Young
Reviewed financial statements for the Employer and Advancement Services Division.
The department is focusing on other areas.
Due to the holidays overall miscellaneous and program training is down.
MAMTC is a year-to-year grant. The college is trying not to be dependent on the grant.
WATC main competitor is Butler Community College.

President’s Report

President's Powerpoint Presentation
The college is asking to form a Joint Task Force with USD259 to study on WATC moving its Southside campus to Southeast High School. The recommended committee includes:
Sheree Utash, Chair
Greg Unruh, VP of Finance & Administration
Eric Poe, Southside Security
Patty Aubert, Southside Academic Coordinator
Randy Roebuck, Executive Dir of IT & Institutional Effectiveness
Kirk Peterson, Director of Facilities
Shelly Jansen, Math Faculty
Laura Fowler, Director of Enrollment Services
This will not commit WATC into anything. The project should take approximately 15 months.
The county is possibly looking into Southeast High School. Not sure if there is enough room for the County, WATC and USD259 Administration. The building has 297,000 square feet.
The board would like to see the analysis as to why USD259 is leaving Southeast.

The above joint task force was considered and discussed and thereupon on motion of Board Member Matt Leary seconded by Board Member John O'Leary, the joint task force was approved.
Motion carried: 7-0 with Lyndon Wells, John Dieker and Kim Shank noted absent.

Reviewed and discussed the following challenges:
Loss of Spirit Lease ($360,000)
Re-tiering could cost the college $225,000 ($585,000)
Bookstore profits down $80,000 ($665,000)
New County Board and Manager County appropriations down 25% ($715,000)
Health Insurance costs up $200,000 ($915,000)
The college is looking into merging the bookstore, library, food services and IT department.
No increase in the funding formula
SB 155 appropriations leveling off
Slowing NCAT monies
Butler received WIA approval for non-credit programs such as welding, blueprint reading in Sedgwick County.
Pratt Nursing Accreditation in danger
Reviewed and discussed Spring enrollment which is down.

Partnerships

Partnerships with WATC – Sheree Utah
Partnering with the Chamber of Commerce Task Force on Entrepreneurship to raise awareness of the college’s certificate program Cosmetology with Cowley – MOU has been developed and is in the process of review for this program to be taught in Wichita. WATC would teach 24 GenEd hrs. of the 68 hr. program.
Paramedic with Cowley this is a future program for consideration. WATC would teach the EMT program that leads to this and would be a feeder for paramedic to RN for PCC.
Graphic Design & Mobile App with Northwest Tech – MOU is in place and recruiting for students will begin this spring. Classes are scheduled to begin August of 2015 at Grove. WATC will teach GenEds and receive $30 for each credit hour taught by Northwest Tech.
Shocker Pathway MOU is being developed and financial aid consortium is being review. Complete 50 hrs. of GenEds at WATC and 15 from WSU for an Associates of Arts degree. Presidential signing TBA.
Westar and Grove negotiation continue with Westar on the remodel of ½ of “A” building at Grove. Results would be 3-4 new classrooms and a shared training center for 50-75.
Pole Climbing with Pratt CC the first class begins January 2015 with 9 students.
Nursing with Pratt CC the challenge is PCC could lose accreditation, reduction of headcount in RN program. Need to be aware and strategic in dealing with realities of this, WATC could lose PCC PN program or could gain 30 new admissions at Winfield.
American Council of International Education Walding and Diesel partnership with Redguard and JR Custom Metals Discussions with WATC, Butler and USD259 on how to work a collaborative program in culinary arts.
Working with Mind Fire and USD259 on a 15 credit hour program in Multimedia.
Conversation with Goodwill, 3-4 industry partners on the development of registered apprenticeship program for GED students. Once they complete they would enter into a WATC program.

NAC Grant

Update on NAC Grant – Sheree Utah
Permission to sign board members up to receive email news letter
Credentials are way ahead. Students earned National Certification WATC outpaced Edmonds

Miscellaneous

Jim Walters appointed John O’Leary to the Finance Committee.
All Board members need to do a better job at attending the meetings.
Jim Walters will get with Dr. Kinkel and review calendar for future meetings. The board does not need to meet monthly.
As of today, no county member has been appointed to the board.
Congratulations to Cindy Hoover for receiving the Step Ahead award.
Riley Scott and Dr. Kinkel will be meeting with individual legislatures. The focus will be primarily the house representatives.

Adjournment
