Frequently Asked Questions

Q. Will these courses transfer to other colleges?

A. Yes. The college or university that you wish to transfer to can explain how each course will transfer.

Q. Am I required to have a computer?

A. Owning a computer is not required to enroll in this program. WATC offers computers for student use at the National Center for Aviation Training and the Southside Education Center.

Q. I have taken classes elsewhere; will any of those courses transfer to WATC?

A. WATC does accept transfer credit from accredited institutions. Have an official copy of your transcript mailed directly from the college that you took the course through to WATC. After WATC receives the transcript, you will receive a letter explaining what courses were transferred.

Q. How will I know what classes to enroll in?

A. After enrolling in your first semester's classes with an Academic Advisor, you will have access to myDegree Plan in the myWATC portal to track your progress toward your degree. It has a degree audit showing which classes you have completed, which classes you are currently enrolled in, and which classes you have remaining for your program. Additionally, a planner function is available to outline which courses will be taken each semester from the first semester through program completion.
